

**Revision Checklist – Paper 1 (Physical Geography)**  
**Section 3 Option A: Hazards**

Topic		Notes	😊	😐	😞
<b>The Concept of Hazards</b>					
1.1	Forms of hazards				
1.2	Hazard perception				
1.3	Hazard management				
1.4	The Park Model				
1.5	The Hazard Management Cycle				
<b>Plate Tectonics</b>					
2.1	Plate tectonic theory				
2.2	Plate margins				
2.3	Magma plumes				
<b>Volcanic Hazards</b>					
3.1	Vulcanicity				
3.2	Impacts of volcanic hazards				
3.3	Responses to volcanic hazards				
3.4	Case Study: Volcanic eruption				
<b>Seismic Hazards</b>					
4.1	Seismicity				
4.2	Impacts of seismic hazards				
4.3	Responses to seismic hazards				
4.4	Case Study: Earthquake				
<b>Storm Hazards</b>					
5.1	Concept of storms				
5.2	Impacts of storm hazards				
5.3	Responses to storm hazards				
5.4	Case Study: Tropical Storm				
<b>Fire Hazards</b>					
6.1	Nature of wildfires				
6.2	Causes of wildfires				
6.3	Impacts of wildfires				
6.4	Responses to wildfires				
6.5	Case Study: Wildfire				
<b>Case Studies</b>					
7.1	Case Study of a multihazardous environment				
7.2	Case Study of a local scale hazardous setting
